PROFESSIONAL SUMMARY

Full-Stack Software Engineer with 3+ years of experience building production-ready web applications using React, Next.js, and TypeScript. Experienced in developing SaaS products and business platforms end-to-end, from UI/UX implementation and API design to deployment, with a strong focus on performance, accessibility, and SEO. Proficient across the full stack, including MongoDB, AWS, GitHub, Vercel, and Netlify. Known for clear communication, reliable delivery, and writing clean, maintainable code in cross-functional teams.

PROFESSIONAL EXPERIENCE

Full Stack Engineer, ITDukes • Led development of multiple production-grade web applications and REST APIs, from architecture and UI through deployment and maintenance. • Built scalable dashboards, admin panels, and enterprise portals with React, Next.js, TypeScript, and JavaScript, emphasizing usability, responsive layouts, and reusable component design. • Improved performance, SEO, accessibility, and UX via frontend/backend optimization, debugging, and structured testing. • Established secure cloud workflows and CI/CD-style deployment automation on AWS, Vercel, and Netlify, with Git/GitHub for version control and code quality. • Raised software reliability through code reviews, troubleshooting, and best practice standards, mentored junior developers on delivery and maintainable code.	10/2025 – Present Lahore
Associate Software Engineer, 12thSpring • Contributed to multi-tenant SaaS feature development. • Developed sprint boards, workflow automation, and analytics dashboards with a focus on usability and performance. • Built full-stack features with React, TypeScript, Redux, tRPC, Prisma, and PostgreSQL. • Implemented role-based access control and integrated Slack and email notifications. • Supported cloud delivery with AWS S3 for reliable file storage and releases.	05/2024 – 10/2025 Lahore
Junior Web Developer, Swiss Tech • Developed frontend and backend modules for web applications using React.js, Node.js, and MongoDB. • Built and consumed REST APIs to support dynamic, data-driven application features. • Implemented responsive UI components and integrated them with backend services. • Participated in testing, debugging, and maintenance to improve application stability and release quality.	06/2023 – 04/2024 Lahore
Web Development Intern, Swiss Tech • Built responsive web interfaces using HTML, CSS, JavaScript, and Tailwind CSS. • Developed reusable React.js components under senior developer guidance. • Used Git/GitHub for version control and collaborative development workflows. • Gained hands-on experience with MongoDB and basic full-stack integration patterns.	01/2023 – 06/2023 Lahore
Full Stack / WordPress Developer, Freelance • Developed custom websites, web applications, and WordPress/WooCommerce solutions for international clients. • Built responsive business websites, booking systems, and custom admin dashboards. • Created SEO-optimized landing pages and e-commerce platforms. • Managed hosting, domains, DNS, deployment, and website maintenance. • Delivered end-to-end solutions from development to production deployment	2021 – Present Remote

- Vitamins Collection (vitaminscollection.com [↗](#)): WooCommerce store development.
- HiFi Solutions (hifisolutions.ca [↗](#)): Corporate site for digital consultancy.
- AM Detailing (amdetailing.ca [↗](#)): Car wash & detailing site with online booking.
- Watt N Volt Electric (wattnvoltelectric.ca [↗](#)): Licensed electrical contractor website.

KEY PROJECTS

Lottae (Project Management), *Multi-tenant project management SaaS platform*

- **Features:** Multi-Tenant Architecture, RBAC, Client Management, Support Tickets, Project Management (Boards, Sprints, Epics, User Stories, Tasks, Subtasks), Kanban Board/Quick Tasks, Form Builder & Surveys, Custom Reports, Analytics Dashboard, Email Notifications Cloud File Management (AWS S3), User Onboarding, Activity Logs, Slack Integration, Team Management.
- **Tech Stack:** Next.js, React.js, TypeScript, Prisma, PostgreSQL (Supabase), tRPC, Zod, Better Auth, Zustand, TanStack React Query, AWS S3, Tailwind CSS, Ant Design, RizzUI

Admin Portal & License Management System, *Multi-tenant operations dashboard for agencies*

- **Features:** Client Management, Role-Based Access Control (RBAC), Software Licensing & Activation, JWT Authentication, License Validation, Invoicing, Customer Onboarding, Support Ticket Management, Analytics Dashboard.
- **Tech Stack:** Next.js 14, MongoDB, Node.js, Express.js JWT, AWS S3

Domain Management System (DMS), *Enterprise domain management platform*

- **Features:** RBAC & Role-Based Permissions, Multi-Tenant Client Management, Domain Management, Mailbox & Domain User Assignment, Cloudflare DNS Integration, DNS Records Management, DNS & Zone Analytics Dashboard, Cloudflare Site Provisioning, Package-Based Licensing, AWS S3 File Upload.
- **Tech Stack:** Next.js, TypeScript, MongoDB, Mongoose, TanStack React Query, Zustand, Zod, React Hook Form, JWT, bcrypt, NextAuth, AWS S3, Cloudflare API, Tailwind CSS, RizzUI, Material UI, Recharts.

Time2Wash, *On-demand car wash marketplace platform*

- **Features:** Multi-Role RBAC (Super Admin, Vendor/Company Portal, Customer App API, Operator App API), Client & Corporate Client Management, On-Demand Booking & Slot Scheduling, Vendor/Operator & Staff Management, Service & Package Catalog, Vehicle Types & Brands, Payments Gateway (HyperPay), Subscription Plans, Ads & Banner Management, Analytics Dashboard, Invoice Details, Social Login (Apple/Google), AWS S3 File Storage.
- **Tech Stack:** Node.js, Express.js, JavaScript, Sequelize ORM, MySQL, JWT, Passport.js, bcrypt, HyperPay, AWS S3, Firebase Admin SDK, Nodemailer, Chart.js, DataTables.

Shahen Express, *Saudi freight & logistics platform*

- **Features:** RBAC (Admin/Requester/Provider), Order Management (Direct/Special/Contract/Offer), Fleet & Driver Management, Bayan/WASL Integration, URWAY Payments, Odoo Invoicing, Dashboards & Analytics, Chat & Push Notifications, Support Tickets, Excel/PDF Reports, AWS S3 Storage
- **Tech Stack:** Angular 12, TypeScript, Laravel 8, MySQL, Laravel Passport, Laratrust, AWS S3, Odoo, URWAY, Bayan, WASL, Firebase, Pusher, Docker, Azure DevOps

Cpi Business, *Full-service events & creative media agency marketing platform*

- **Features:** Multi-Page Site, Service & Portfolio Pages, Blog, Team, Careers, Contact, JSON Content, 3D Animations, Scroll Effects, SEO & Analytics, Responsive UI.
- **Tech Stack:** Nuxt 3, Vue.js 3, JavaScript, Pinia, SCSS, Three.js, GLSL, GSAP, Lenis, Lottie Web, Font Awesome.

TECHNICAL SKILLS

Frontend

React.js, Next.js, TypeScript, JavaScript, HTML5, CSS3, Tailwind CSS, Bootstrap, Redux, Zustand

Databases

MySQL, PostgreSQL, MongoDB, Supabase, Prisma

WordPress

Custom Themes, Plugins, WooCommerce, SEO, Hosting, DNS

Backend

Node.js, Express.js, REST APIs, JWT Authentication, tRPC

Cloud/DevOps

AWS Amplify, AWS S3, AWS SES, AWS EC2, Vercel, Netlify

KEY ACHIEVEMENTS

General Achievements, Professional

- Delivered 20+ web applications/websites.
- Worked with international clients.
- Built SaaS and enterprise dashboards.
- Improved application performance and scalability.
- Mentored junior developers.

Leadership & Technical Contributions

Director IT Support – UOL Innovation Olympiad 5.0 & 6.0, University of Lahore • Led IT support operations and managed technical infrastructure. • Provided technical troubleshooting and ensured smooth execution.	Lahore
Module Head – Speed Programming, Innovation Olympiad 4.0, University of Lahore • Supervised the Speed Programming competition module. • Managed participant workflows and event coordination.	Lahore
Team Lead – International Conferences (IEEE UOL), IEEE University of Lahore • ICACS'26 – Team Lead, 7th International Conference. • ICACS'25 – Team Lead, 6th International Conference. • ICACS'24 – Team Management, 5th International Conference.	Lahore

EDUCATION

BS Computer Science, University of Lahore	Lahore
Intermediate (ICS), Aspire Group of Colleges	Lahore

Certificates

Innovation Olympiad 4.0 (2024) Module Head – Speed Programming University of Lahore	Innovation Olympiad 5.0 , 6.0 (2025-2026) Director IT Support University of Lahore
ICACS'24 –'26 5th, 6th & 7th International Conference on Advancements in Computational Sciences Team Lead / Organizer Faculty of IT, University of Lahore	TAAKRA'24 –'26 Recognized as a winner at TAAKRA from (2024-2026) , UCP's annual inter-university sports and cultural festival.
